

CLYDE STREET KINDERGARTEN INC

EXCURSIONS AND SERVICE EVENTS POLICY

Mandatory – Quality Area 2

PURPOSE

This policy will provide guidelines for Clyde Street Kindergarten Inc. to plan and conduct safe and appropriate excursions and service events.

POLICY STATEMENT

1. VALUES

Clyde Street Kindergarten Inc. is committed to:

- providing opportunities through the educational program for children to explore and experience the wider environment and broader society;
- ensuring that all excursions and service events are accessible, affordable and contribute to children's learning and development;
- ensuring the health, safety and wellbeing of children at all times, including during excursions and service events;
- providing adequate supervision of all children during excursions and service events;
- promoting road safety education and safe active travel for children.

2. SCOPE

This policy applies to the Approved Provider, Persons with Management and Control, Nominated Supervisor, Persons in Day to day Charge, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of Clyde Street Kindergarten Inc., including during off site excursions and events.

3. BACKGROUND AND LEGISLATION

Background

Excursions and service events are planned to extend the educational program and further develop the current interests of children. The *Victorian Early Years Learning and Development Framework* (refer to *Sources*) states that "Participating in their communities strengthens children's sense of identity and wellbeing" (Outcome 2: Children are connected with and contribute to their world). The purpose and educational value of each excursion or service event should be clearly communicated to parents/guardians.

When planning excursions and service events, it is important to ensure that they are inclusive of all members of the service community. Consideration must be given to any extra costs involved and the ability of families to pay these costs. Consideration must also be given to ensuring that all children can attend regardless of their abilities, additional needs or medical conditions (refer to *Inclusion and Equity Policy*, *Dealing with Medical Conditions Policy*, *Asthma Policy*, *Anaphylaxis Policy*, *Diabetes Policy* and *Epilepsy Policy*). Clear

procedures must be developed and followed, and these should be communicated to parents/guardians.

A risk assessment must be carried out for each excursion to determine any risks to children's health, safety or wellbeing before permission is sought from parents/guardians (Regulations 100, 101). The risk assessment must identify each risk and specify how the risk will be managed and/or minimised (Regulation 101). Written authorisation for the child to attend the excursion must be obtained from a parent/guardian or person named in the child's enrolment record before the child can be taken outside the service premises. For details regarding information to be included in the written authorisation, refer to Attachment 1.

Active travel excursions near the service have a range of benefits including:

- children and staff being physically active
- providing the opportunity to practice road safety
- engaging with the community.

Early childhood road safety education aims to reduce the risk of serious injury and death from road trauma. It also aims to lay the foundations for children to become safe and independent road and transport users in the future. Road safety education is an important part of a holistic approach to keeping children safe around traffic and in the road environment. Effective traffic skills are best learnt if they occur in a real environment i.e. using crossings and traffic lights.

Legislation and standards

Relevant legislation and standards include but are not limited to:

- *Education and Care Services National Law Act 2010*
- *Education and Care Services National Regulations 2011*
- *National Quality Standard*, including Quality Area 1: Educational Program and Practice and Quality Area 2: Children's Health and Safety

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

Adequate supervision: (In relation to this policy) **supervision** entails all children (individuals and groups) in all areas of the service, being in sight and/or hearing of an educator at all times including during toileting, sleep, rest and transition routines. Services are required to comply with the legislative requirements for educator-to-child ratios at all times. Supervision contributes to protecting children from hazards that may emerge in play, including hazards created by the equipment used.

Adequate supervision refers to constant, active and diligent supervision of every child at the service. Adequate supervision requires that educators are always in a position to observe each child, respond to individual needs and immediately intervene if necessary. Variables affecting supervision levels include:

- number, age and abilities of children
- number and positioning of educators
- current activity of each child
- areas in which the children are engaged in an activity (visibility and accessibility)

- developmental profile of each child and of the group of children
- experience, knowledge and skill of each educator
- need for educators to move between areas (effective communication strategies).

Attendance Record: Kept by the service to record details of each child attending the service including name, time of arrival and departure, signature of person delivering and collecting the child or of the Nominated Supervisor or educator (Regulation 158(1)).

Excursion: An outing organised by the education and care service. The written permission of parents/guardians or a person named on the child's enrolment record as having lawful authority must be obtained before educators/staff take children outside the service premises.

Under the National Regulations, the definition of 'excursion' does not include an outing organised by services operating from a school site, where the children leave the service premises with an educator/staff member, but do not leave the school site.

Risk assessment: (In the context of this policy) a risk assessment must identify and assess any hazard that poses a risk to a child's health, safety and/or wellbeing while on an excursion, and specify how these risks will be managed and/or minimised (Regulation 101).

Risk assessments must consider:

- the proposed route and location of the excursion
- any water hazards (refer to *Water Safety Policy*)
- any risks associated with water-based activities (refer to *Water Safety Policy*)
- transport to and from the proposed location of the excursion (refer to *Occupational Health and Safety Policy*)
- the number of adults and children participating in the excursion
- the number of educators or other responsible adults who will be providing supervision given the level of risk, and whether or not specialised skills are required (e.g. lifesaving skills)
- the proposed activities, and the impact of this on children with varying levels of ability, additional needs or medical conditions
- the proposed duration of the excursion, and the impact of this on children with varying levels of ability, additional needs or medical conditions
- any items/information that should be taken on the excursion e.g. first aid kit, emergency contact details for children, medication for children with known medical conditions (such as asthma, anaphylaxis and diabetes) and a mobile phone.

A sample Excursion Risk Management Plan is provided on the ACECQA website at:

www.acecqa.gov.au (search *Sample forms and templates*)

Regular outing: (In relation to education and care services) means an excursion (refer to Definitions) such as a walk, drive or trip to/from a location that the service visits regularly as part of its educational program, and where the circumstances covered by the risk assessment are the same on each trip. If the excursion is a regular outing, an authorisation from parents/guardians is only required to be obtained once every 12 months. A new authorisation is required if there is any change to the circumstances of the regular outing.

Service event: A special activity, event, visitor or entertainment organised by the education and care service that may be conducted as part of a regular session at the service premises or as an excursion.

Supervision: refer to **adequate supervision** in *Definitions* above.

The form must be signed and dated by the parent/guardian or a person authorised on the child's enrolment form.

Services should also include information about:
